Continuation of Substance of Interview including description of the general nature of what was discussed: The applicant was notified that Kawano et al. would disclose the subject matter of claims 1 and 27 as they were presented in the after-final amendment of 17 April 2007. The examiner offered to either reopen prosecution or do an examiner's amendment, as there was allowable subject matter present in some dependant claims and other independent claims as previously indicated. Applicant chose an examiner's amendment and submitted amended claims to the examiner where claim 1 included limitations of claims 13 and 53-54 (with 54 including allowable subject matter) and claim 27 including claims 62-63 (63 having allowable subject matter) and cancelling claims 13, 53-54 and 62-63.
